A responsive design allows the eText to reflow/resize to a device or screen. McKnight's well-known thematic focus on landscape appreciation, Darrel Hess offers a broad survey of all of the physical processes and spatial patterns that create Earth's physical landscape. Hallmark pedagogical features UPDATED! Key Questions work as chapter-specific learning outcomes that connect to Learning Checks, End of Chapter Questions, and Learning Outcomes in MasteringGeography.UPDATED! Learning Checks integrate review questions at the end of chapter sections, helping students check comprehension. This tool includes zoom and annotation functionality, with hundreds of map layers leveraging recent data from sources such as the PRB, the World Bank, NOAA, NASA, USGS, United Nations, the CIA, and more.Video Activities from sources such as the BBC, Financial Times, and Television for the Environment's Life and Earth Report series provide students with applied real-world examples of physical geography in action, a sense of place, and allow students to explore a range of locations and topics.eText 2.0Full eReader functionality includes page navigation, search, glossary, highlighting, note taking, annotations, and more. If you would like to purchase both the physical text and Mastering Geography, search for: 0134169859 / 9780134169859 McKnight's Physical Geography: A Landscape Appreciation Plus Mastering Geography with eText -- Access Card Package Package consists of: 0134195426 / 9780134195421 McKnight's Physical Geography: A Landscape Appreciation 0134245156 / 9780134245157 Mastering Geography with Pearson eText -- ValuePack Access Card -- for McKnight's Physical Geography: A Landscape Appreciation McKnight's Physical Geography: A Landscape Appreciation, 12th Edition is also available via Pearson eText, a simple-to-use, mobile, personalized reading experience that lets instructors connect with and motivate students -- right in their eTextbook. Learn more. eText 2.0 now works on supported smartphones, tablets, and laptop/desktop computers.In-context glossary offers students instant access to definitions by simply hovering over key terms.Seamlessly integrated videos and activities allow students to watch and practice key concepts within the eText learning experience.Accessible (screen-reader ready).Configurable reading settings, including resizable type and night reading mode.UPDATED! Geoscience Animations help students visualize the most challenging processes in the physical geosciences with schematic animations that include audio narration. Instructors, you may still place orders with your bookstore. All boxed features will now include Checkpoint questions.UPDATED! Review & Study Questions at the end of every chapter give students the practice they need to learn and master the material.Language, Consistency, and Connections have been improved with more consistency among features and concepts, and less formal and abstract language.Modernized Design including fresh colors, fonts, and larger imagery. The videos are QR-linked from the printed book, and are available for assessment in MasteringGeography.MapMaster 2.0 Interactive Map Activities are inspired by GIS, allowing students to layer various thematic maps to analyze spatial patterns and data at regional and global scales. Now included with MyLab & Mastering with eText, Learning Catalytics enables you to generate classroom discussion, guide your lecture, and promote peer-to-peer learning with real-time analytics. The 12th Edition offers essential opportunities to teach and engage students in these processes and patterns. The world's #1 eTextbook reader for students, chapter-opening inquiries present familiar real-world phenomena related to the chapter and work with Big Questions and Seeing Geographically features, making the chapter opener a more engaging, active, and living introduction to the chapter.UPDATED! Energy for the 21st Century features, most written by expert contributors, provide balanced coverage of both renewable and non-renewable energy resources, authored by expert contributors.UPDATED! People & the Environment boxes, some written by expert contributors, discuss the effects of human activity on the environment.UPDATED! Focus features, many written by expert contributors, present in-depth case studies of special topics in physical geography. The videos are QR-linked from the printed book, and are available for assignment with assessment in MasteringGeography.NEW! MapMaster 2.0 Interactive Map Activities are inspired by GIS, allowing students to layer various thematic maps to analyze spatial patterns and data at regional and global scales. Note: You are purchasing a standalone product; Mastering Geography does not come packaged with this content. Topics that are tied to students' real-world concerns such as global environmental change, along with new videos, photography, online lab resources, and updated interactive tools, make it the most effective learning program for physical geography. Keep students actively engaged with active learning tools Environmental Analysis activities at the end of each chapter provide users with a higher-level application exercise, sending students outside of the book to analyze data and perform other higher-order learning tasks.UPDATED! Tasa Illustrations have been updated with the latest data and visually impactful presentations of physical geosciences processes.Hundreds of maps with shaded relief where appropriate.Line art with numerous multi-part photorealistic illustrations that capture sequence and evolution to help students understand various processes.Major photos paired with locator maps to enhance geographic literacy.UPDATED! Quick Response (QR) Codes link to video and animation resources as a means to provide students with just-in-time access to visualization media tied to major concepts.UPDATED! Seeing Geographically questions at the beginning and end of each chapter ask students to perform visual analysis and critical thinking to check their understanding of key chapter concepts and overcome any misconceptions. All boxed features will now include Checkpoint questions.UPDATED! Review & Study Questions at the end of every chapter give students the practice they need to learn and master the material. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts. Also available with Mastering Geography This title is also available with Mastering™ Geography--an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. K12 Educators: Contact your Savvas Learning Company Account General Manager for purchase options. Reading Quizzes are 100% mobile ready and can be completed by students on mobile devices.Dynamic Study Modules help students study effectively on their own by continuously assessing their activity and performance in real time. If you need help getting started, read the tutorials on the TestGen site. Learn more about Pearson eText. Instructor Resource Manual (Download only) for McKnight's Physical Geography: A Landscape Appreciation, 12th Edition Geography Coloring Book, 3rd Edition Show Order Information for Pearson offers affordable and accessible purchase options to meet the needs of your students. Here's how it works: students complete a set of questions with a unique answer format that also asks them to indicate their confidence level. Reach every student with Mastering NEW! 20 Mobile Field Trip videos for geography from Michael Collier take students out into the landscape, providing an interactive avenue for exploring landscapes and the major themes of physical geography.
